

UT8641C 1-in. & UT8641S Spline Drive Impact Wrench Series

- 2800 ft-lb maximum torque
- The high energy two jaw clutch provides unmatched torque output and increases the life of the hammers beyond other impact mechanisms
- The two jaw clutch does not waste energy reducing air consumption
- The heavy duty built-in suspension/safety bail allows safe suspension of the tool when used overhead or at high levels
- UT8641C has through hole retainer and includes (3pc) retaining pin & ring. UT8641S has a button style retainer
- The machined steel hammer case & rugged construction ensures reliability in the toughest conditions.
- The unique trigger with a rubber inlay increases operator comfort

| Model Number | Free Speed (RPM) | Bolt Capacity | Square Drive | Impacts Per Min. | Max, Torque ft.lbs. @ 90 psi | Weight (lbs) | Length (In.) | Air Cons CFM |
